

RAID Log

Date Reported	Type	Description	Owner(s)	Closed Date
████ 20 Sep █████	Risk	Mapping service API key is insecure in browser, could increase █████ cost. Low impact. Common to all █████-enabled apps.	████████████████████	████ 11 Oct █████
████ 20 Sep █████	Risk	API endpoints for images may be insecure and may allow DDOS or unauthorized direct access. Easily mitigated by hiding internal endpoints and limiting external access.	████████████████████	
████ 26 Sep █████	Risk	Camera access and image acquisition process could possibly degrade system performance if two different processes are running concurrently creating latency.	██████████ / ██████████	
10/4/█████	Action Item	Onboard █████ teammates to █████ Slack	████████████████████, ██████████ ████████████████████	10/10
